Matriculated: A student enrolled in a degree program.

Examination Score: Scores from assessment tools displaying the ability of students to use the English language to make and communicate meaning in spoken and written contexts that are accepted as proof of English Proficiency.

Students: This policy pertains to only non-native English speakers.

POLICY IMPLEMENTATION

English Proficiency Requirements

To be considered for admission, international students and non-English speaking students must validate they have met Upper Iowa University's proficiency requirement in English in one of the ways listed in Table 1. The student will be notified in writing of the approval or denial of admission. Students whose native language is not English will be required to submit an official examination score report providing evidence of his/her level of English proficiency. If a student does not complete the admission process and enroll within that session, materials may be required to be resubmitted.

Until a student submits all required admissions documentation, they are considered a non-degree seeking student. A non-degree-seeking international student is not eligible for financial aid, is limited to no more than six credits at UIU, and may not have a degree conferred; **only Fayette campus** students must establish English Proficiency prior to admission and matriculation. International students on campus must be degree-seeking and full-time. No option for non-degree seeking.
