Gaming Consoles – Finding the MAC address.

Wii

1. From the Wii Channel menu, select "Wii Settings" (the round button on the bottom-left of the screen with "Wii" on it).
2. Select "Internet," then "Console Settings."
3. The MAC address of the Wii console is displayed on the first line.

X-BOX 360

1. Go to the System area of the Xbox Dashboard and select Network Settings.
2. Select Edit Settings.
3. From Additional Settings, select Advanced Settings.
4. At the bottom of this screen you'll see a heading called Wired MAC Address. Enter this 12-digit sequence into your WAP, router, gateway, or wireless bridge to create a wireless connection to your Xbox 360 console and a connected Xbox 360 Wireless Networking Adapter.

PS3 - PlayStation 3

1. On the main menu, select Settings.
2. Select System Settings.
3. Select System Information
4. Your MAC address will then be displayed on the screen.
